

Time well spent....

Often times we say yes or take on projects that when we look back on them, we regret it. It's that sinking feeling in our stomach that is a warning sign. But, there are those rare times that when we say yes and we worry that everything will turn out, when it exceeds our expectations. We look back and wonder why we would have even questioned the decision for even a moment.

Becoming your president in 2008, was just one of those moments for me. So stressful and worry some, yet in the end, more rewarding and fulfilling than I could have ever imagined or hoped for. I can truly say, that to have not had this opportunity, would have been my biggest regret.

Thanks go out to all the parents and step parents who have said yes when they wanted to say no. You have made an impact on someone's life whether it is intentionally or not, and I hope that you had fun along the way. Thank you also to Principal Burt Smith and the entire staff at Shepton. Working with you has been a dream. You are so kind to all the volunteers and make us feel so welcome at school.

Finally, but most importantly, thanks go out to my entire board. You have gone above and beyond to share your time and talents with everyone in our Shepton Community. The pride you have in your position shows and our school shines like a beacon beckoning all the parents to come and join in the fun! Say yes with NO regrets and be a part of the fun!

All my best to everyone – Thank you for the experience of a life time!
